

# Friends of *Streamline*

*Catch the Current!*

A Program of  HRDC

## SEPTEMBER UPDATES

August was a great month for Streamline! We received three proposals for the route redesign project, leveraged financial support from Gallatin County to support this project, and had a successful Streamline BBQ. In September, we'll be selecting a transportation firm for the route redesign project. Once we have a contract in place in October, we'll be hosting a Friends of Streamline Kickoff Meeting to discuss more about the purpose of this group, the route redesign project, and ways you can help educate the public on the benefits of public transit!
